

NZCTA Rule Book Errata

November 2018

- High Gun at Provincial, Island and NZ DTL Championships is compulsory if all High Gun events are entered.
- Super Veterans DTL North/South event created. This will start at the 2018 SI Champs for South Island shooters and the 2019 NI Champs for North Island shooters. If a shooter is aged 70 years of age at the beginning of the qualifying period they will be classed as a Super Veteran. If they turn 70 during a qualifying period then they will remain a Veteran until the start of the next qualifying period. i.e. what they start the qualifying period as, they will remain in that category until the start of the next qualifying period.
- From 1 January 2019 all Double Trap Championships will be removed from the NZCTA calendar. There has been a steady decrease in the number of participants and it is not financially viable for many clubs to host this discipline. Clubs are able to run club Double Trap events.
- An additional fee for entering NZCTA events may be imposed by clubs for entry on the day (this would mean every time a shooter goes to the office on each and every successive days to enter they pay the fee). This fee to be \$10 and to be at the host club's discretion and is effective from 1 January 2019 for all NZCTA Championships where a postal entry is available. This additional charge reflects the additional time and costs to the host clubs. Pre entry to tournaments is preferred as this gives the host clubs time to adequately prepare for the event.
- FITASC Universal Trench discipline adopted for a trial period of three years. The percentages for Universal Trench be
A Grade 89% and over, B Grade 82 – below 89%, C Grade under 82%. Starting grade be ISSF Trap grade or if no rule off, then Rule 3.24 applies. There will be no NZCTA Championship status for events during trial period.
- South Island North/South Skeet qualifying event to begin and end at the Canterbury Provincials.
- The eligibility for shooting Skeet at the School Championships has changed to be exactly the same as the DTL eligibility; competitors must have a minimum of 3 scores recorded in their handicap book, which have been shot at three separate competitions.
- Increased the National DTL targets to 35c
- 2. Sporting North/South Rules amended: 1. Amend rule 2-76 to include the Waikato Mid-Winter Sporting Event as it is a regular annual event in the North Island. Amend rule 2-76 to correct the selection period to be a calendar qualifying year (1 Jan to 31 Dec) . Amend wording in paragraph i) to refer to “reserves”, not “emergencies”. Amend wording in paragraph l) to refer to the event organisers rather than Council for the time of the event .
 - Sporting and Compak grades be changed to AA Grade 83% and above, A Grade 74% - less than 83%, B Grade 63% to less than 74%, C Grade less than 63%. Effective from 1 January 2019
 - North/South Sporting mixed team created.
 - Rule 2.72 Glenn Trophy team to be selected over a 12 month period ending three months prior to the competition.

October 2018

New Rule Added:

1-47 The Executive may from time to time and by notice in writing to all Clubs issue written “Codes of Practice” or “Policy Statements” containing information, codes or policies that record how Clubs should comply with or adhere to certain standards and obligations expected by the NZCTA.

1-48 Clubs and members shall do all things reasonably necessary to comply with and adhere to any Code of Practice or Policy Statement issued by the Executive.

1-49 Notwithstanding any other provision of these rules, the Executive may (in its sole discretion) grant consent in writing for a Club to use steel shot on its grounds (“the Consent”) but subject always to the following:

- a) A Club must make written application to the Executive detailing the Club's request to use steel shot on its grounds (“the Request”);

- b) The Request will include evidence that the Club has used all reasonable steps and methods to comply with any existing NZCTA, rule, Code of Practice or Policy Statement in respect of use of lead shot on its grounds;
 - c) The Request will provide adequate detail to the Executive that despite using all reasonable steps, the Club is unable to comply with the relevant NZCTA Code of Practice or Policy Statement for the use of lead shot on its grounds;
 - d) Granting the Consent will be at the sole discretion of the Executive;
 - e) While the Consent is in place, the Club is prohibited from allowing lead shot to be used on its grounds until further written notice of the NZCTA.
 - f) Where Steel shot is used on the grounds of Clubs with a Consent, the shot sizes of steel shot to be used shall remain the same shot size of these rules as if lead shot were being used on the grounds of the Club;
 - g) The Consent will include any condition or conditions that the Executive in its sole discretion considers necessary;
 - h) The Consent Conditions may include (but shall not be limited to) any of the following items:
 - That the Club will take all reasonable steps to ensure that all shooters on that Club's grounds must only use steel shot on its grounds– it will not be permissible for lead shot to be used on the grounds of the Club after the Executive has issued a Consent;
 - The Club must post adequate signage on its grounds that the Club grounds are for steel shot only and that each individual shooter must ensure that their firearm is suitable for the use of steel shot;
 - The Club must take all reasonable steps to mitigate the risk of steel shot ricochet;
 - The Club will require all shooters, referees, markers and those individuals involved with the operation of the Club's events on the shooting range to wear protective eye wear or safety glasses;
 - The Club will ensure that an adequate supply of safety glasses are available for use;
 - If advertising in Gunshot for any event, the Club must ensure that the advertisement includes a reference that its events are "steel shot events only";
 - School shooting on the grounds will not be permitted - and the Executive may include any other condition or conditions of consent as it sees fit in its sole discretion.
 - i) The Club will do all things necessary to ensure that the Club, its members and guests shooting on the Club grounds comply with the Consent;
 - j) The Executive may by notice in writing to the Club add to, alter, amend or revoke all or any part of the Consent from time to time.
 - k) The Executive will give notice in writing to all Clubs of any Consent issued, altered, amended or revoked from time to time.
 - l) The Consent will remain in place until further written notice of the Executive.
- (exiting rules 1-47 and 1-48, will now be renumbered to be 1-50 and 1-51 respectively)

JUNE 2018

Rule 2.75 (b) Amended to read: Each Open and Veterans team shall be selected by the Association selectors from scores submitted from a minimum of four 100 Target qualifying tournaments. Clubs may only hold one such 100 target qualifying event per calendar year. Clubs are permitted to run another club's allocated 100 target qualifying event provided that the clubs are within 200km by road. The 100 target NZ 12g Championship and the 100 target Commonwealth Championships shall also be qualifying events. Each Ladies and Juniors team shall be selected by the Association selectors from scores submitted from a minimum of three qualifying 25 target tournaments shot at Island, Provincials, Districts and the first 25 targets of any 100 target North/South qualifying competition. Each prospective team member may attend as many qualifying events as they wish in either Island. Gunshot is the preferred place to advertise qualifying events, however if the events are advertised on the NZCTA website a minimum of 14 days prior, then scores will be accepted.

4. Rules for Handling Shotguns modified

- 4.18 The rules contained herein at 4.19 to 4.29 (inclusive) shall apply to the handling and use of any firearm at any event conducted on the grounds of any Club affiliated to the New Zealand Clay Target Association including (but not limited to) club competitions, open shoots and any championship event.
- 4.19 All individuals (regardless of whether or not they are a competitor in an event) must comply with the following principles of safe firearms handling:
 - (a) All firearms, even when unloaded, empty, or thought to be safe, must be handled with the greatest care and in a safe manner as if the firearm were otherwise ready to be fired.
 - (b) Conventional double barrel firearms must be carried with the breech open and empty of ammunition.
 - (c) Semi-automatic and pump action firearms must be carried with the breech-bolt open, empty of ammunition and the muzzle pointed in a safe direction.
 - (d) It is forbidden for any individual to touch or handle another shooter's gun without first obtaining the owner's express permission to do so.

- (e) It is the shooter's responsibility to be aware of their obligations for gun handling, security and storage as required by the Arms Act and to adhere to those obligations at all times.
- 4.20 All individuals (regardless of whether or not they are a competitor in an event) must comply with the following principles of shooting, test firing and sighting or patterning of firearms:
- (a) Sighting (the closing of a firearm and shouldering the firearm to test the firearm's fit and "sighting" for the shooter) a firearm is permitted only on the shooting station or in an area designated by shoot management for that purpose but sighting a firearm shall not occur during any competition without the express permission of the referee.
 - (b) Patterning (the discharge of a firearm against a pattern board or a designated wall to assess the firearm's shot pattern) may only be conducted in an area designated by shoot management for that particular purpose and upon the express permission of shoot management..
 - (c) Shots may be fired by a competitor only when it is the shooter's turn and the target for that competitor has been thrown.
 - (d) The test firing of guns may be conducted only with the permission of the referee as follows:
 - (i) on the range prior to the beginning of a round; or
 - (ii) after the malfunction of a firearm; or
 - (e) The sighting of or shooting at another competitor's target by any other individual is prohibited.
 - (f) Deliberately sighting or shooting at live birds or other animals at any time is prohibited.
 - (g) The deliberate shooting by any individual of any hat or any other item of clothing at any time whatsoever is expressly prohibited. For the sake of clarity, individuals are expressly prohibited from discharging their firearm in a celebratory manner whatsoever and there shall be no discretion reserved in favour of shoot management in respect of any such conduct.
- 4.21 Ammunition must not be placed in any part of the gun until the shooter is standing on the shooting station, facing the live shooting or firing zone with the gun facing the target flight area, and after the referee has given permission to load.
- 4.22 In addition to rule 4.21 shooters using a semi-automatic shotgun shall not put ammunition in any part of the gun until it is their turn to shoot.
- 4.23 The shooter must not move or turn from the shooting station or the live firing or shooting zone before their gun is opened and ammunition or spent shells have been removed from the breech.
- 4.24 During any competition when shooting is interrupted:
- (a) every competitor's gun must be opened and ammunition removed; and
 - (b) no gun may be loaded with ammunition and closed until the order to continue shooting has been given by the referee.
- 4.25 Whilst a competitor is preparing to call for his/her target and while that individual is completing his/her shooting, all other shooters must remain silent and must not cause any interruption of the shooting other than those instances permitted in these rules. During competition, squad members must restrict their conversations to calling for their targets, reporting 'READY' to the referee, making a protest, or answering the questions of the referee.
- 4.26 Shooters must not close their guns before it is their turn to shoot, and in handicap by distance matches, the gun must not be closed until all other shooters have retired to a mark at least equal to the shooter's distance mark.
- 4.27 The shooter must always close the action of their gun in a safe manner and in accordance with the manufacturer's instructions.
- 4.28 In DTL events, all guns must be carried open when moving between stations 1 and 5, and must be carried open and unloaded without ammunition when moving from station 5 to station 1.
- 4.29 In skeet, sporting and five-stand events, the shooter's firearm shall only be loaded with ammunition and closed when the shooter is standing within the shooting station and it is that shooter's turn to shoot, otherwise all guns must be carried open and unloaded when moving between stations.
