			New Plymouth Girls		Sam Dikson	92

Please refer to the map below to identify which Fish and Game region you belong to.

This event has two components; and individual and a team competition.

- The regional teams event where there is **one Open team (5 person, maximum 2 girls) team**, and **one Girls (3 girls) team** per Fish and Game region.
- If a region cannot enter a team (through lack of numbers), then individuals from that region can enter.
- If a region has **one Open and one Girls team, then no individuals may enter.**
- The number of individuals must not be equal to the number for a team.
- If a region enters an Open team then up to two ladies can enter as individuals.
- If a region enters a ladies team, then up to four individual (males) can enter as individuals.

The individuals and teams all shoot at the same time and the team scores will be extracted and placed, along with the individual placings.

Team Selection

Regional teams are established by the representatives from the school subcommittee and will be notified to you on Sunday night. Individual entries are to be taken at your club, also on Sunday night.

There is no entry fee

The individuals and teams all shoot at the same time and the team scores will be extracted and placed, along with the individual placings.

Team Selection

Regional teams are established by the representatives from the school subcommittee and will be notified to you on Sunday night. Individual entries are to be taken at your club, also on Sunday night.

There is no entry fee being charged this year due to the changes to the format and each office will have

Format

results will be taken from the DTL national scores
